NRO REVIEW COMPLETED

COR 1241
Copy 3 of 3

25 July 1961

MEMORANDUM FOR: Chief, Intelligence Staff, DPD

SUBJECT: Sun Angle Planning Data

1. For your planning the sun angle of 7° is obtained above the latitude of 20° N. The sun angle of 15° is available above 49° N. These computations are for Mission 9022.

2. Please correct your records to show the CORONA mission scheduled for launch on 18 August 1961 as Mission 9022 instead of 9023. There is a leapfrogging in the agenda numbers which caused the incorrect numbering.
